

The Electrical Association of Philadelphia

Presents

Working Clearances, Swimming Pools, & Labeling Requirements Class

September 21, 2017

This class will provide inspectors, design professionals, electricians, and installers with the knowledge to design, perform plan review, and inspect Pools, Spas, and Hot Tubs. NEC® Articles 110 and 680 will be the main source of content for this seminar.

Applicable Code information will be presented to course participants using visual presentation, and clarification/explanation of NEC language. Course participants will be encouraged throughout the seminar to interact with the instructor. Questions, comments, and scenarios regarding application of the NEC/UCC for Code compliance will be addressed.

1. NEC Article 110 – Working Clearances

2. NEC Article 680 - Swimming Pools, Fountains and Similar Installations:

Article 680 – Section II Permanently Installed Pools.

Article 680 – Section V Fountains.

Article 680 – Section III Storable Pools.

Article 680 – Section VI Pools and Tubs for Therapeutic

Article 680 – Section IV Spas and Hot Tubs.

Article 680 – Section VII Hydromassage Bathtubs

3. NEC In-Field Labeling Requirements for Electrical Installations

This will provide an overview of current NEC field-labeling requirements for electrical Installations. The focus of this will be the labeling mandates for general electrical installations.
